Tug Classic

The TUG CLASSIC range of tugs feature a battery powered mobile towing unit for moving a variety of heavy trolleys. With a variety of capacities ranging from 1 tonne through to 5 tonne it is designed to eliminate operator effort when pushing or pulling heavy awkward trolleys.

It is especially useful in eliminating back strain due to pushing or turning trolleys. The tug range is ideally suited to moving heavy trolleys in small spaces.

The TUG CLASSIC includes the latest developments in Australian made D.C. geared motors with automatic electromagnetic park braking, as well as a high capacity programmable controller.

Features include:

- Quiet smooth operation
- Easy to use
- No licence required
- High manoeuvrability
- Low maintenance
- Easy interaction with trolleys
- Ability to handle heavy loads up to 5 tonne

All TUG CLASSICS are Australian made to provide the highest quality and suitability for your application. Full product training and service contracts are available.
