Chrome Wire Shelving, Trolleys & Storage Systems

Chrome Wire Shelving is ideally suited for dry storage areas and in particular for sterile hospital environments where cleanliness and freedom from gathering dust is critical. Chrome wire systems offers fast easy assembly, full adjustability, high capacity, excellent ventilation, clean, High-Tech appearance. Available in a wide range of standard sizes.

In-Line High Density Compact Storage System. Makes efficient use of your storeroom, only one access aisle required over a 5 metre area. Mobile units are fitted with waist high handles and 125mm castors to ensure safe and easy movement in such a way as to comply with OH&S requirements. Extensive range of accessories such as ledges (preventing items falling off the shelves) dividers, baskets and label holders.

Castors

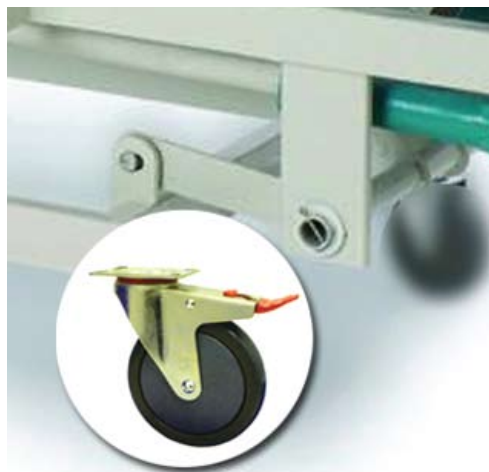

Reflex carries a vast array of castors and wheels to service the healthcare industry including powder coated castors specially designed for corrosive environments.

Our wheelchair wheels are moulded from a high impact nylon, spoked for light weight and fitted with sealed precision ball bearings.

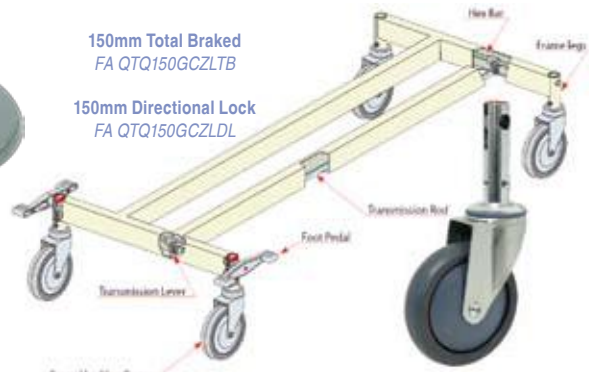

For larger trolleys and beds it is hard to go past our Big M range that features excellent design and performance. With a 5 year warranty on the fork and a 3 year warranty on the wheel the Big M range is a viable option for many applications.
